There is a Scribe database for the samples taken in July for the results to go into. I currently own it.

ID: Nonresponsive

Red and Bonita RV

Thanks,
Elliott

ESAT tells me all of Steve's red and Bonita backlog will be finished this afternoon.

We are uploading that data to the ESAT scribe project that Jan has been using.

Elliott,

Please let me know what you can on the chemistry from the mine before treatment.
Not sure what we have received in data reports on current samples.

Please compare it to the previous data sets – seasonally.

THanks
